*These are the Components of Success in Life;
They're also the Components of Success in Completing a Marathon.*

***17 Years ... 1300 Miles ...
and a lot of T-Shirts!***

Paul Mellor's motivational speech *inspires*
and *lifts* your group to accomplish *any* of their goals.

Paul's victory of having completed a marathon (26.2 miles)
in all 50 states has been done by less than 350 people.

Even if you've never laced up running shoes, you'll go on
a journey full of twists, turns and triumphs.

But the first step is up to you.

"What a great speech! A standing ovation! Wow, you presented an outstanding message during our Opening General Session..."

James C. Stutts
Executive Director
Virginia Recreation & Park Society
